MGH Leadership Council for Psychiatry
The Mass General Leadership Council for Psychiatry is comprised of individuals and families dedicated to expanding awareness of mental illness, diminishing its stigma, and advancing research and clinical care through the work of the department of Psychiatry at Massachusetts General Hospital. The department has been ranked #1 by U.S. News and World Report for 20 out of the last 26 years.

Members represent a variety of disciplines and professions. They are prominent through achievements in their communities and in the corporate, philanthropic and government arenas. They recognize that “no family goes untouched” by the devastating effects of mental illness, whether from depression, ADHD, anxiety, bipolar, substance use, schizophrenia or other disorders.

Members of the Council are willing to lend their names publicly to the cause of mental health and well-being. Annually, members meet in February in Palm Beach for a dinner with Mass General Psychiatry physicians, followed the next day by an educational symposium. In addition, each June an annual Visiting Day of seminars takes place in Boston. From time to time, members organize smaller educational events in other venues.

The Leadership Council presents a unique opportunity for lay leaders to become partners with the department of Psychiatry in improving mental health nationally and internationally. Through seminars, written materials, online resources, and individual meetings with clinicians and research scientists, members gain access to information to better understand and articulate the importance of Mass General’s research, patient care, teaching and community health programs, and of the financing of these endeavors.

With this information and the power of personal example, members become effective “ambassadors” for this mission and help to advance:

- research into the biological and environmental factors of mental illness
- development of innovative treatments and model clinical programs to improve the care of people with resistant, chronic, and often co-occurring illnesses
- training of current and future generations of clinicians and researchers
- education initiatives to enhance patient, family and public understanding of psychiatric illnesses and to encourage early access to quality care

Through annual gifts of $10,000 per member family and targeted gifts to support specific projects, charitable support for the Department – contributed or raised by Leadership Council members – has reached $58 million since its founding in 2007. Members have contributed to five endowed MGH Chairs and three Harvard Medical School Professorships. For information about joining the Leadership Council please contact: Co-chair Donna Emma at donna@emmanyc.com or (917) 763-3949; Co-Chair Patty Ribakoff at pribakoff@gmail.com or (508) 864-2010; Senior Director of Development Alex Dippold at adippold@mgh.harvard.edu or (617) 726-7504.

Department of Psychiatry by the Numbers

DEPARTMENT OVERVIEW

Founded in 1934 under a grant from the Rockefeller Foundation to integrate the new field of psychiatry into the mainstream of medicine

Providing compassionate care, conducting state-of-the-art research & training the next generation of psychiatrists, psychologists and neuroscientists

60 sub-specialty clinical and research programs spanning diagnostic categories and treatment approaches

CLINICAL CARE & RESEARCH EXCELLENCE

Providing more than 200,000 outpatient visits, 8,500 days of inpatient care, including services for the most underserved and severely ill

Operating one of two psychiatric emergency rooms in Boston, accounting for 7,000 evaluations, and a 24-bed inpatient psychiatric unit for patients with co-occurring medical illnesses

In 2021, Mass General’s research budget was $1.2 billion with $86 million awarded to Psychiatry faculty

In March 2019 the Department clinicians did less than 5% of outpatient visits via telehealth; after March 2020 and currently, that percentage is over 90%.

PEOPLE & NETWORK

More than 600 affiliated psychiatrists and psychologists trained as clinicians, researchers and teachers

Training 82 adult and child psychiatry residents, and another 100 fellows and post-doctoral trainees annually

The MGH Psychiatry Academy, the department’s division of postgraduate and continuing education, currently has 77,000 members in 127 countries

“I am incredibly grateful to the MGH Leadership Council for Psychiatry for its ongoing support, enabling the Department of Psychiatry to invest in new projects, recruit and retain the best and brightest and encourage innovation in research and clinical care. With your help, we will continue our work to transform the mental health landscape through bold approaches. Together, we will lessen the stigma of mental illness and address the challenges of access to care.”

Maurizio Fava, MD
Psychiatrist-in-Chief
**DEPARTMENTAL LEADERSHIP:**

Psychiatrist-in-Chief, Maurizio Fava, MD
Psychiatrist-in-Chief Emeritus, Jerrold Rosenbaum, MD
Vice President, MGH/MGPO-Joy B. Rosen, MA
Executive Director, Laurie Anzorge Ball, MM
Chief - Child Psychiatry, Tim Wilens, MD
Chief – Psychology, Sabine Wilhelm, PhD
Associate Chief for Clinical Services, Jeff Huffman, MD
Associate Chief for Psychiatry and Medicine, Felicia Smith, MD
Associate Chief for Quality and Safety, Janet Wozniak, MD
Associate Chief, John B. Herman, MB
Associate Chief for Research, Deborah Blacker, MD, ScD
Associate Chief for Research, Jordan Smoller, MD, ScD
Associate Chief for Research, Roy Perlis, MD
Associate Chief for Public and Community Psychiatry, Derri Shtasel, MD, MPH (Alex Keuroghlian, MD as of 7/1/22)
Associate Chief for Philanthropy and Department Communications, Lee S. Cohen, MD
Associate Chief, Greg Fricchione, MD
Director, Faculty Development, A. Eden Evins, MD
Director, Center for Racial Equity and Justice, Olivia I. Okereke, MD
Director, Adult Psychiatry Training, Scott Beach, MD (Isabel Lagomasino, MD as of 7/1/22)
Director, Psychology Training, Susan Sprich, PhD

**CENTERS AND INSTITUTES:**

Ammon-Pinizzotto Center for Women’s Mental Health, Lee S. Cohen, MD, director
Benson-Henry Institute for Mind Body Medicine, Gregory L. Fricchione, MD, director
Center for Addiction Medicine, A. Eden Evins, MD, MPH, founding director
Recovery Research Institute, John F. Kelly, PhD, founder and director
Center for Quantitative Health, Roy Perlis, MD, director
Center for Law, Brain and Behavior, Judith G. Edersheim, MD, JD, and Bruce H. Price, MD, founding directors
Center for Psychiatric Oncology and Behavioral Sciences, Jamie Jacobs, PhD, program director
Center for the Neuroscience of Psychedelics, Jerrold F. Rosenbaum, MD, director

Pediatric Neuropsychiatry and Immunology Program, Kyle A. Williams, MD, PhD, director
Pediatric Psychopharmacology and Adult ADHD, Joseph Biederman, MD, director

The Alan and Lorraine Bressler Clinical and Research Program for Autism Spectrum Disorders at Mass General, Gagan Joshi, MD, director
Attention Deficit/Hyperactivity Disorder, Basic Science, (Animal Studies), Genetics, Neurocognition, Neuroimaging, Joseph Biederman, MD, director
Bipolar Program, Janet R. Wozniak, MD, director
Substance Abuse Program, Timothy Wilens, MD, director
Resilience Program, Timothy Wilens, MD, director
Think:Kids, J. Stuart Ablon, PhD, director

TRAINING AND EDUCATION:
Adult Psychiatry Residency, Scott R. Beach, MD, director (Isabel Lagomasino, MD, as of 7/1/22)
Child and Adolescent Psychiatry Residency, David H. Rubin, MD, director
Family and Couples Therapy, Anne K. Fishel, PhD, director
Medical Student Rotations, Donna B. Greenberg, MD, director
Psychiatric Epidemiology Concentration at HSPH, Deborah L. Blacker, MD, ScD, director
Psychiatry Academy and MGH Visiting, David H. Rubin, MD, director
Psychology Internship, Susan Sprich, PhD, director
Division of Professional and Public Education, David H. Rubin, MD, director
  MGH Psychiatry Academy, David H. Rubin, MD, director
  MGH Visiting, David H. Rubin, MD, director
  The Clay Center for Young Healthy Minds, Gene Beresin, MD, director

POST-DOCTORAL FELLOWSHIPS:
Psychosomatic Medicine, Nicholas J. Kontos, MD, director
Addiction Medicine (Partners wide), A. Eden Evins, MD (MGH site), director
Geriatric Psychiatry (Partners wide), Olivia Zurek, MD and Tapsi Dayanand, MD, site directors
Forensic Psychiatry, Matthew Lahaie, MD, JD, director
Public and Community Psychiatry, Oliver Freudenreich, MD, director
Neuropsychiatry, Amy Newhouse, MD, MPH and Joan Camprodon, MD, MPH, PhD, directors

PSYCHIATRIC NEUROSCIENCE: CHARLESTOWN NAVY YARD CAMPUS:
  Gerontology Research Unit, Deborah L. Blacker, MD, ScD, director
  Neural Systems Group, Gary Strangman, PhD, director
  Neurochemistry Laboratory, Jack Rogers, MD, director
  Neurotherapeutics Division, Darin D. Dougherty, MD, director
  Transcranial Magnetic Stimulation (TMS) Program, Joan Camprodon, MD, MPH, PhD, director
  Post-Traumatic Stress Disorder Psychophysiology Lab, Roger K. Pitman, MD, director
  Division of Psychiatric Neuroimaging Randy L. Buckner, PhD and Joshua L. Roffman, MD, directors
  Anxiety Disorders and Affective Neuroscience, Lisa M. Shin, PhD, director
  Brain Basis of Individual Differences, Hersheng Liu, PhD, director
  Brain Genomics, Joshua L. Roffman, MD, director
  Brain Genomics Superstruct Project, Randy L. Buckner, PhD, director
  Cerebellar Psychiatric Research, Eve M. Valera, PhD, director
  Cingulate Cortex Research, George Bush, MD, MMSc, director
  Clinical Neuroscience of Sex Differences in the Brain, Jill M. Goldstein, PhD, director
  Developmental Neuroimaging and Psychopathology, Carl E. Schwartz, MD, director
  Emotion and Social Neuroscience in Schizophrenia, Daphne J. Holt, MD, PhD, director
  Interdisciplinary Affective Science Lisa Feldman Barrett, PhD, director
  Meditation Research Program, Matthew Sacchet, PhD, director
  Mood and Movement Disorders, Anne J. Blood, PhD, director
  Neural Systems Investigations, Center, Nikos Makris, MD, PhD and Bradford C. Dickerson, MD, directors
  Neurocognition, Gina R. Kuperberg, MD, PhD, director
  Neuroimaging of Preclinical Alzheimer’s Disease, Tatiana Sitnikova, PhD, director
  Neuroimaging Applications to Pain, Acupuncture & Placebo, Randy L. Gollub, MD, PhD and Jian Kong, MD, MPH, directors
  Neuroscience of Meditation and Mind-Body Medicine, Sara W. Lazar, PhD, director
  Multimodal Neuroimaging of Executive Function in Psychopathology, Dara S. Manoach, PhD, director
## FY2021 At a Glance

### Hospital, Research, and Physician Organization Revenue and Expenses

- **Net Patient Service Revenue:** $4.3 billion (70%)
- **Direct Research and Academic Revenue:** $1.1 billion (17%)
- **Indirect Research and Academic Revenue:** $300 million (5%)
- **Other Revenue:** $200 million (8%)

### Expenses

- **Employee Comp & Benefits:** $2.8 billion (49%)
- **Supplies and Other Expenses:** $1.6 billion (29%)
- **Depreciation and Amortization:** $225 million (4%)
- **Interest:** $55 million (1%)
- **Direct Academic Expense:** $120 million (2%)
- **Direct Research Expense:** $80 million (15%)

### 29,138 Employees

- **Registered Nurses:** 6,133
- **Other professionals:** 4,912
- **Administrative support:** 3,630
- **Service workers:** 3,278
- **Physicians:** 3,831
- **Technicians:** 2,870
- **Officials and managers:** 1,781
- **Fellows:** 1,459
- **PhDs:** 1,072
- **Skilled trades:** 172

### The MGH Mission

Guided by the needs of our patients and their families, we aim to deliver the very best health care in a safe, compassionate environment; to advance that care through innovative research and education; and to improve the health and well-being of the diverse communities we serve.

### MGH’s Commitment to Diversity

At MGH, we believe that because of diversity we excel; through inclusion we respect; focused on equity we serve, heal, educate and innovate.

### Key Statistics

- **1,019 licensed operational beds**
- **46,764 inpatient admissions** (excludes hospice)
- **45,151 surgical cases**
- **3,632 births**

More than 200,000 of these visits took place at our community health centers.

*Per the DPH Hospital License, MGH has a total of 1,043 licensed beds in which 1,019 are operational. Operational beds are beds in service and available for use.*
About Massachusetts General Hospital

- Founded in 1811, MGH is the third oldest general hospital in the United States and the oldest and largest in New England.
- MGH is the original and largest teaching hospital of Harvard Medical School. Nearly all of its staff physicians are on the faculty.
- MGH is a Level 1 Adult Trauma Center, Level 1 Pediatric Trauma Center and Level 1 Burn Center.
- MGH is a Magnet hospital, the highest honor for nursing excellence awarded by the American Nurses Credentialing Center.
- In addition to the main hospital campus in the heart of Boston, MGH operates health centers in Charlestown, Chelsea, Revere and the North End of Boston, and ambulatory care centers in Danvers and Waltham.
- MGH and Brigham and Women’s Hospital are the founding members of Mass General Brigham, an integrated health care delivery system that includes: AllWays Health Partners | Brigham and Women’s Faulkner Hospital
  Cooley Dickinson Hospital | HealthCare at Home | Martha’s Vineyard Hospital
  Massachusetts Eye and Ear | McLean Hospital | MGH Institute of Health Professionals
  Nantucket Cottage Hospital | Newton-Wellesley Hospital | Salem Hospital
  Spaulding Rehabilitation Network | Wentworth-Douglass Hospital

Research

The Mass General Research Institute conducts the largest hospital-based research program in the nation, with annual research operations of $1.2 billion and comprises more than 9,500 researchers working across more than 30 institutes, centers and departments.

Community

Focused on patients, communities and staff, MGH Equity & Community Health works to eliminate health inequities based on socioeconomic status, race and ethnicity. In FY21:

- The Comprehensive Sickle Cell Disease Treatment Center and Equity in Kidney Transplant clinical initiatives were launched.
- The Center for Diversity and Inclusion was expanded to include the research and Patient Care Services workforce.
- 12 Underrepresented in Medicine (URiM) health care providers were recruited or retained.

Education

MGH’s teaching mission aims to educate the next generation of health care professionals and ensure that the current health care workforce has the knowledge necessary to advance patient care. In 2021, education programming included 29 residency programs and 139 fellowship programs, each year hosting 1,500 physician trainees, 300 Harvard Medical School students, 16,000 MGH Institute of Health Professions students, and 2,800 nursing and health professional students on rotation.

Recognition

MGH is in the number five spot on the U.S. News & World Report’s Best Hospitals list for 2021-22. Of the nearly 5,000 hospitals evaluated, MGH has consistently placed among the top hospitals since the survey began in 1990. MGH is the only hospital in the nation to be ranked in all 16 specialties on the annual Honor Roll.

Quality and Safety

Mass General received a rating of 5/5 stars for hospital quality from The Centers for Medicare and Medicaid Services for the third consecutive time, and a Safety Score of “A” from The Leapfrog Group for the 12th consecutive time. Newsweek ranked MGH #3 in its third edition of the World’s Best Hospitals. The American College of Surgeons honored the MGH for achieving meritorious outcomes for surgical patient care, and the hospital was also honored with the American Heart Association’s Get with the Guidelines Stroke Gold Plus award with Target: Stroke Honor Roll Elite.

Multidisciplinary Care Centers

MGH’s multidisciplinary care centers unite specialists across the hospital to offer patients comprehensive, state-of-the-art medical care and the best possible outcomes.

- Cancer Center
- Digestive Healthcare Center
- Heart Center
- Transplant Center
- Vascular Center
- MassGeneral Hospital for Children

Pediatrics: MassGeneral Hospital for Children

With more than 300 physicians, 50 medical specialties, 15 surgical services, and compassionate preventive and primary care, MassGeneral Hospital for Children is dedicated to providing outstanding, personalized, developmentally appropriate care for infants, children and adolescents within the context of their family and community.

Philanthropy

Philanthropy at MGH helps to fund programs that give patients access to the latest technologies, clinical trials and treatments. In FY21, $642,471,919 was raised from 56,604 donors, supporting 1,370 funds. There were also 253 community fundraisers.
